### AUTOMOBILE IS TAKEN FROM STREET

Dr. Ball's Machine Found  
Where It Was Aban-

IN LAST WEEK  
SEVERAL TAKEN

Milk Wagon Driver Discovered  
Missing Machine—Auto  
Club Reward

Joy riders last night took Dr. C. D. Ball's automobile from the corner of Bush and Fourth streets, and used it as long as they liked and abandoned it at the corner of Second and Flower streets. The officers have good reason to believe that two young men and two girls were the occupants of the machine on its joy-dash. The automobile was left near the Grand Opera House by Charles Ball, son of Dr. Ball. Young Ball was in the opera house attended a rehearsal for a high school affair. When he left the building about 10 o'clock last night, he found that the automobile, a Buick White-streak, had been taken.

Officers were notified, and search was instituted. The officers covered the entire city, and were satisfied that the machine had been taken away.

Early this morning Dr. Ball requested a Santa Ana Jersey Farm driver to keep an eye out for his automobile. About 6 o'clock the driver telephoned to Dr. Ball that a Buick White-streak was standing at the corner of Second and Flower streets. Dr. Ball went to the place, and found the machine was his.

It was spattered with quantities of road-oil, showing that it had been taken outside the city. The magneto was "on" and the machine was in the "high." The lights had been turned out. About five gallons of gasoline had been used from the tank, according to the best calculations of the doctor, the tank having been filled yesterday morning. The officers and Dr. Ball are of the opinion that the machine was abandoned at this point this morning, probably after day-break, the lights being out.

However, H. W. Bunker, a printer, near whose house the automobile was abandoned, states that he believes the automobile was left there about 11 o'clock last night. He was awakened by the laughing and voices. He was convinced at the time that there were both men and women in the party, judging by the voices. The party seemed to be in an hilarious

Colonel Roosevelt did not look so vigorous today as when he left America.

"I feel run down," he said. "I am nearly wrecked. I expect the voyage home to restore me to my accustomed good health."

After going aboard the liner Col. Roosevelt received the mayor and sheriff of Southampton and through them thanked the British people for hospitalities extended him and his family during their visit in England.

### Of Interest To Women

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The Favorite Prescription has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its making. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

## RANCHERS ABOUT ORANGE FEAR THEY WERE SWINDLED

Agents Took Orders For Clothing and  
Left With Between \$1200 and \$1500  
of Money Paid Down

Orange News: Some fifty or more ranchers in the vicinity of Orange are wondering whether or not they have been victimized by one of the cleverest mail order schemes that has yet been foisted upon a trusting public. Five prepossessing agents, some fancy suitings, and a Chicago supply house were the factors in what the ranchers are generally convinced was an out and out swindle.

J. P. Angle and wife, E. B. Angle, F. Angle, Ivan Laycock, and Lloyd Olmstead registered at the Hotel Haynes,

May 15th, giving their residence as Chicago. Their business was to secure orders for clothing, deliver the cloth to the customer, take his measurements, and send cloth and measurements to the Continental Supply Company of Chicago, to have it made into suits at a rate suspiciously reasonable in these times of expensive living. The cloth was of excellent quality, the price was so low as to be a bargain, and the references of the agents were above reproach. The proposition looked so fair and plausible

that a great many ranchers, among whom the agents worked almost exclusively, invested money, buying from one to four suits. It is estimated that one hundred suits were purchased and that between \$1200 and \$1500 was taken away from the ranchers.

J. P. Angle, who was the head "agent," went to work at once, putting his solicitors in the field. The plan was for the agents to take samples of the goods to the farmers and sell a suit, which comprised four and three-quarters yards. The buyer paid \$12 for the goods and took the cloth. He was then entitled to take his cloth to the hotel, where the tailor of the Continental Supply Co. had opened an office. The tailor took the goods and the measure, sending both to the Chicago office, where the suit was to be made up at a cost not to exceed \$6. The cloth was exceptionally fine and sold without difficulty; in fact, almost "sold itself." Most of the purchasers took their goods to the hotel, left them and had their measures taken—it seems in more senses than one. A week ago Wednesday the "agents" left town, taking all their goods along. The ranchers grew suspicious and began to investigate. They went to the District Attorney and secured a warrant for the arrest of Angle, who purchased tickets from here to Redondo. Constable Jackson of Santa Ana went to Redondo to look for the clothing men. He found them not.

The "modus operandi" of the confidence men, if such they were, was such as to inspire confidence. They first sought out a man whom they knew enjoyed the confidence of the community. T. E. Dozier, who lives at the corner of Tustin and Chapman, was the man picked upon. They explained the plan on which they were working, representing that they were advertising for the Chicago house and desired to acquaint the ranchers with their goods. For that reason they were giving exceptional opportunities. They offered Mr. Dozier \$5 per day to accompany their solicitor about and introduce him. Mr. Dozier investigated their references, and in reply to an inquiry to the First National Bank of Covina received the following letter:

"Covina, Cal., May 25, 1910.

"Mr. T. E. Dozier, Orange, Cal.

"Dear Sir:—Referring to your inquiry of May 19th, regarding standing, etc., of Mr. J. P. Angle, I beg to advise that Mr. Angle was in this community for about six weeks and during that time sold many suits, having among his customers some of the best people in this community, and I have heard no remarks of dissatisfaction on the part of his patrons.

"Yours truly,

"M. LEONHARDT, Cashier."

The local banks also received good references. Mr. Dozier became convinced that the proposition was a dependable one and introduced the solicitor to his friends. He bought for himself, and even put up money for others, who did not have the money

# Cottolene

IN a recent contest conducted by the "Raisin Boosters," an association of California raisin producers, the first prize for raisin bread was awarded to a recipe specifying **Cottolene** for shortening. Good results can be obtained by using other cooking fats—but **Cottolene** is the perfect shortening.

Why use hog lard, or cheap imitations of **Cottolene**, when your grocer can supply you with **Cottolene**? If you are still using lard, it is probably just because you always have—because your grandmother used it. Your grandmother may have used a tallow candle to read by—but you don't. Don't use a cheap imitation of **Cottolene**—it's poor economy. You can't afford it for your health's sake.

Physicians recommend **Cottolene** as being as healthful as olive oil. It is as good as the best butter for all cooking purposes, and infinitely preferable to hog lard. It has been fittingly termed

## ROOSEVELT AND THE DONS

Much, of course, is being and will be said about Roosevelt's Oxford address. The man, his subject, the manner of its treatment and the occasion on which the delivery was made, all combine to attract and fix attention. He was speaking of nations and civilizations and attempting to arrive at conclusions that may be safe for our future guidance. On what do national progress, prosperity and stability depend? This is the question he tries to answer and in attempting the task he will be followed by thinkers with an interest that seldom attaches itself to the preachments either of statesmen or philosophers. The impression is abroad that with almost reckless truthfulness he insists on telling things as he understands them, and that he has a faculty for understanding things that is given to but few. These are the considerations that give chiefest interest to what he says.

In the above address he collects and classifies ideas that are a matter of common knowledge and applies them to the solution of the questions involved. We are lead to the conclusion that greatness depends on character, and that in sizing up a nation we must hark back to the individual. He is the true unit of greatness, progress and stability. A nation if a composite of its individual citizenship. The really dangerous foes of the English and American nations are within. If they would endure they must keep up the individual standard.

On the subject of international relations he applies the same standard—that is the individual. Nations are bound by the same moral code in their relations to other nations as are individuals with one another. This he tells us was his policy while president of this country. This utterance will, no doubt, cause quite a stir in diplomatic circles, as no one will pretend that such has been the practice. We talk about the "corporation conscience," recognizing the fact that it is below that of the individual, and in like manner it would be proper to speak of the "international conscience" and the "diplomatic conscience" as something separate and apart from the individual conscience. But no, says Roosevelt, they must both be the same, ergo the nation that takes the property of another nation for no other reason than that it can, is a thief and a robber.

As for the future, he believes in it because he believes in human progress. He contends that no one is so apt to be mistaken as the prophet of evil. Right here the world will hang with rapt attention on his speech. He thinks that the race will go on in the ways of progress because he has faith that the individual will measure up to each crisis as it may come. But he does not pretend to know. There is a tantalizing uncertainty in the future to his as to all. There is just enough of it to spur us on to achievement. But there is the inspiration of faith to nerve us for the conflict, and after all there is as much glory in a battle bravely fought as there is in the victory it achieves.

### Rutan-Bradshaw

Attorney A. W. Rutan returned yesterday from a trip East. He brought back a wife. Not until Mr. and Mrs. Rutan arrived here yesterday afternoon at 3 o'clock were the friends of the attorney certain that the trip East was for the purpose of marriage. The bride was formerly Miss Mabel Bradshaw, who, with her mother, Mrs. A. L. Bradshaw, spent the winter here two years ago, occupying a house on Tenth street near Main.

The wedding occurred at 11:15 o'clock on the morning of June 2, at Le Grange, Tex., the home of the bride, in the Presbyterian church of that city, Rev. James officiating. The couple spent four days in Grand Canyon. Their home is to be at 317 Hickey street.

the dainty flowers. A particularly dainty touch was a pretty basket filled with the sweet peas and suspended from the chandelier.

Another surprise for Mrs. Fine was a shower of gifts and post cards, given her as the company entered Mrs. Lopez's parlor. After the merriment of the shower, which was played, Mesdames Tyrrell and G. W. Young winning ladies' first and second prizes and Mrs. Koepfer the consolation. Mrs. Fine and Mrs. Richards, playing as gentlemen, captured first and second men's prizes, and Mr. Fine took the consolation, which, like the ladies' consolation, was a miniature skeleton. The tally cards were tied with black ribbon and bore cat designs.

Brick ice cream in black and white and green was served with black cake, tiny skeletons surmounting the latter. The entire affair was unique and greatly enjoyed for its novelty as well for the jolly good time afforded by Mrs. Lopez.

The following constitutes the list of invited guests: Mr. and Mrs. Geo. W. Young, Mr. and Mrs. Geo. E. Shelton, Mr. and Mrs. Horace Fine, Mr. and Mrs. H. W. Koehler, Mr. and Mrs. E. F. "Boost for Beswick"  
The friends of B. F. Beswick, and these form a host, should rally to his support in the Los Angeles Herald contest. He has made a Herculean fight to win one of the grand prizes in the contest and stands close to the head of the list. But unless there should be enough local pride and interest to boost him to the front, Mr. Beswick's long and strenuous efforts will be lost.

Miss Hazel Webster, who now leads the list, in Mr. Beswick's district, has been assisted in many ways by her own community and now Santa Monica, Ocean Park and Venice have united in a big civic boost for Miss Webster that they hope will put her in the lead of the contestants.

Every vote counts from now on, and if every friend of Mr. Beswick would get in line and boost for him, there would be a big change in the present standing of contestants. Why should not the Santa Ana contestant win?

Ask Mr. Beswick what you can do to help his cause. Or, if you already know, go ahead and do it. Boost for Beswick!

Teachers Make Merry  
Third street kindergarten was a scene of jollity and good fellowship last evening from about 4:30 until near 6:30. The kindergarten teach-

ers, Miss Rice and Miss Havens, assisted by Miss Cole of the eighth grade, arranged for the gathering, and in their invitations told each and all to dismiss as early as necessary in order to be on hand and dressed in keeping with the occasion itself.

And in order not to disappoint the hostesses, at 3:50, when school was out, the teachers disappeared as by magic, and at about 4:30 presented themselves in a variety of costumes, as girls of 12 in short skirts, colonial dresses and fairies. The low kindergarten tables were spread with dainty refreshments, consisting of strawberry shortcake, iced tea, wafers and salted peanuts. At each one's plate was laid a card, on the under side of which was a teacher's name, and on the side up a picture, presumably of some member of the group, upon which the one at whose plate it lay was to describe the picture in rhyme, with never a peep at the under side. This created no little merriment when read aloud and associated with the name.

After refreshments, all were put through a course in kindergarten exercises, some pictures of the group were taken and the bunch dispersed feeling it was good to be present.

### Pleasant Eastern Star Visit

Over fifty members of Hermosa Chapter, O. E. S., visited Scepter Chapter of Orange last night in response to invitation. A special car took the party over and when the transfer was made at the bridge to the "dinky" that plies from these to Orange, the poor little car was filled to overflowing. It tugged and pulled and pulled and tugged, and whenever it came to a turn in the road the exhausted car would wheeze and stop. Then the women walked and the men pushed and between the faithful efforts of the car officials and the elbow grease of the men of the party, the dinky would move on. The good natured crowd had all the fun out of the "locomotive ataxia" car that was possible but were decidedly glad when the pretty neighboring town was reached.

All the vicissitudes of the journey were forgotten, however, in the hearty welcome of the hostess chapter. The pretty chapter hall was filled with members and guests who enjoyed the splendid floor work of the Orange organization. Following the chapter session a fine banquet was served on tables decorated with sweet peas. Many excellent, brief speeches enlivened the evening, the Santa Ana speakers being Mr. and Mrs. W. L. Tubbs, Arthur Pease, Mrs. Dickinson, Messrs. Diers, Grubb, Balderston, MacCormack, Miss Pauline Reinhaus, Mrs. Winbigler, Mrs. Bradshaw, worthy matron of Scepter Chapter, presided.

### "Cupid at Vassar"

Indications are strong that a crowded house will greet this musical comedy to be given tonight at the opera house under the auspices of the Ebell Club. As is well known the proceeds of the play will go to the club house fund. The play is one of charm and vivacity and will be presented by a capable cast, so it cannot fail to be entertaining. Ernest Crozier Phillips in directing the production has done efficient work and this coupled with the merits of the play and the good acting of the cast, will result in a meritorious production.

## MAN SCRATCHED BY COW WITH RABIES

McDermont, Suffering From Poisoning, Receives Treatments in Los Angeles

FULLERTON, June 9.—While treating a cow for an unknown trouble, last Monday evening, Frank McDermont, a veterinary surgeon, received a scratch on one hand from one of her teeth, and within a few hours discovered symptoms of hydrophobia. The cow died Tuesday evening with a well developed and violent case of rabies.

The animal, which was the property of Louis Lea, a rancher living near here, had been acting queerly for some time, but nothing serious was expected and the family continued to use the milk until Sunday evening, when they decided she was sick. Monday the veterinary was called in and in his examination of her mouth got the scratch and his hand became infected. Fearing blood poisoning he went to a local physician, who discovered the symptoms of hydrophobia. It was at first thought necessary to send McDermont to the Pasteur Institute in Chicago for treatment, but he has been able to secure the serum in Los Angeles and is taking two injections every day. The doctors in charge feel no anxiety, because the case has been taken soon enough to insure safety.

The contract for erecting the new Polytechnic school for Fullerton was let yesterday to Dawson & Daniels of Pasadena. The plumbing contract was given to J. F. Blair of this city, and the heating and ventilating will be done by the Machinery & Electric Company of Los Angeles. Work will be commenced upon the building this week, and it is hoped to have the school finished and fitted up ready for the opening in the fall.

Miss Ethel May Cline and Walter W. Schultz were married last evening at the Methodist church, the pas-

## SUMMONED TO TESTIFY IN SUIT BROUGHT BY EX-WIFE AGAINST SEATTLE BANKER

George W. Mason of this city has been summoned to Seattle to appear as a witness in a suit brought by Mason's former wife, Marian Mason, against E. W. Andrews, president of the Seattle National Bank. The woman brought suit for \$10,000 on an allegation that Andrews had made "violent love" to her. The complaint stated that Mrs. Mason and her daughter lived at Seattle, and that the banker often visited the daughter.

Mason has been called as a witness to testify that his former wife had no daughter of the age represented in the complaint. Andrews, who is a man well along in years, has declared that there was no truth in

the charges against him.

The trial of the case has been set for June 28. Mrs. Mason's attorneys have withdrawn from the case, and it seems probable that she will not go to trial. However, Andrews expects to be ready. In a letter to Mason, attorneys Kerr & McCord of Seattle, state that the reason for summoning Mason to Seattle is that the withdrawal of Mrs. Mason's attorneys left matters in such shape that a deposition could not be taken, there being no attorneys of record on whom notice of the taking of the deposition could be served.

Mason, a G.A.R. veteran, secured a divorce from Mrs. Mason here. Mason will leave for Seattle a few days prior to June 28.

tor, Rev. A. B. Embree, performing the ceremony. Miss Cline, who is a daughter of Mr. and Mrs. T. W. Cline, is a popular young society girl of Fullerton, and a graduate of the local high school. Mr. Schultz is a son of Mr. and Mrs. H. W. Schultz and is at present a student in the University of California law school in Los Angeles.

## TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-earned Reputation

—For months Santa Ana readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proofs of merit.

William Thursby, 417 East Walnut street, Santa Ana, Cal., says: "Off and on for years I was bothered by my back and kidneys. To stoop or walk a little distance made the dull, heavy ache in my back more severe and at night my rest was badly broken. Further evidence of fault with my kidneys was shown by a heavy sediment in the secretions from these organs. Reading about Doan's Kidney Pills I got a box and soon after I commenced their use, I noticed an improvement. My back gradually grew strong and free from pain and the difficulty with the kidney secretions was corrected. Doan's Kidney Pills are worthy of endorsement." (Statement given March 8, 1907.)

Work That Tells  
On August 16, 1909, Mr. Thursby was interviewed and he said: "I have not changed my opinion of Doan's Kidney Pills since I recommended them over two years ago. The cure they effected has been permanent and I have had no further occasion to use a kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## TWO ROAD MEN ARE OUT JOBS

Struck Puts in Erwin and Yorba in Place of Two Others

Orange News: Supervisor Fred Struck has made the appointments of road overseers for the Fourth district. Mr. Struck took his seat on the Board of Supervisors on June 2. He named overseers as follows:

W. H. Erwin, West Orange.  
J. C. Kelly, El Modena.  
H. A. Brown, Olive.  
Vincentia Yorba, Yorba.

With the exception of the Yorba and West Orange districts the appointees were the same men who held the places. Wm. Feldner was the former road boss in West Orange and Erwin Bayha in Yorba. The supervisor has nothing to do with road work in the corporate limits of Orange. Considerable work is being done on the roads throughout the district.

#### LOS ANGELES PRODUCE MARKET

Cantaloupes flooded the market yesterday and sales were rather slow. Weather conditions in the Imperial Valley have been ideal for melon shipments during the past few days, and the growers have been busy with this city, the destination for most of the fruit. Arrivals were in an excellent condition, but there is an amount of old stock on hand that is soft and a few crates sold as low as 50 cents.

Peaches were plentiful and dropped a few cents in prices. The tomatoes, both local and Mexican, that arrived, found ready sales, and were practically unchanged in quotations. Figs were more plentiful and dropped from 15 to 25 cents a box.

Apricots were in evidence in large quantities, from hard and green to soft and very ripe. The demand was good and most of the supply was disposed of at 60 to 70 cents per lug box. A few boxes of the poorer quality went at 50 cents, while some of the extra fancy kind were taken at \$1 a box.

Arrival of eggs were a little light—272 cases being received. The market was firm, with most of the trading in case-accounts.

Ladle and cooking butter were in evidence, both being quoted at 26½. A quantity of the cooking variety was sold at 1½ cents under. California creamery was very firm. Dealers offered to buy extras at a cent above quoted prices, but little could be had. Receipts were 38,015 pounds.

The cheese market continued weak, with trading lighter than it has been for some time. Northern fresh and Oregon Daisy were offered, but the only calls were for the Daisy. Receipts 26,161 pounds.

Potatoes were weak, with the market inactive. Receipts were 160 sacks. The onion market continued weak. There was little trading and no arrivals were reported.

Fancy loose Muscatel raisins, No. 1 Association walnuts and Japan peanuts were placed on sale but created no demand. Lettuce and green peas made a small advance in prices, while green chili came down a few cents. All varieties of fish came into the market in large enough quantities to supply the demand.

### NEWS BUDGET OF EL MODENA

Principal of School Probably  
Will Not Teach There  
Next Year

EL MODENA, June 6.—The school closed here Friday with appropriate exercises in the evening. The class play, given by the graduating class, was of the Revolutionary war. It was very well carried out. This is probably Mr. Davis's last year, as he contemplates selling and leaving here. Mrs. Jones was called to make a few remarks, and incidentally, on behalf of the school, presented Mr. Davis with a fine watch fob. This was wholly unexpected by him and he was at a loss for words to express his thanks. There will be two new teachers next year. Mrs. Cutler goes to the Normal for further preparation for better school work. The parents and trustees were disappointed in not getting her for the coming year.

The C. E. is enthusiastic over the San Jose convention and those are planning to go who can stretch their pocketbook that far.

The Bereans of the Sunday school will give a box social next Friday night, and a good program is promised. Some good lunches will be sold.

Mrs. Hamilton is enjoying a visit from her mother this week.

Mrs. Clark has sold her home on Vine street to a man from Kansas.

Mrs. Whitman was down for a visit to home folks the last of the week. Her husband joined her Sunday. They

returned to the city Sunday evening. Mr. Hemphill has been helping some of the home-seekers to find homes in this beautiful village.

### HIGH MISDEMEANOR CHARGE IS BROUGHT AGAINST PYTHIAN

San Fernando Man Accused  
Possibly End in View of For-  
cing Support of Children

Because he abandoned his children and the woman with whom he had lived for several years, Aaron Pythian was arrested at San Fernando yesterday afternoon by Constable Jackson and was brought here to answer to a high misdemeanor, that of fornication. The complaint was sworn to by Probation Officer Scott, who came into touch with the case when the children were referred to him as in need. The woman with whom Pythian lived at Fullerton was Mrs. Cook. Pythian left Fullerton and was married. He has been living on a ranch near San Fernando.

This morning the man was before Justice Smithwick. His preliminary examination was set for next Monday, and his bail at \$500. Pythian said he was going to hire a lawyer. He is a man 40 or 45 years of age.

The cases of the children are in the juvenile court. The end in view in the prosecution of Pythian may be to compel him to support his two children who are also the children of Mrs. Cook.

GARDEN GROVE, June 9.—On last Tuesday a handkerchief shower was given by Mrs. Bohn, in honor of Miss Fannie Armitage. About thirty ladies gathered at 2:30 o'clock and gave Miss Armitage a complete surprise. The afternoon was spent in conversation and music. Readings were given by Miss Nichol, Mrs. McElree and Mrs. Harper. Estates were served by Florence and Irene Bohn and Cecil Umphress. The guests from out of town were Misses Bertha Grant, Mamie McClintick, Mabel Nichol, Daisy Richardson, McIntire. Miss Armitage received very many beautiful handkerchiefs. A splendid time was enjoyed by all present. Miss Armitage expects to go to Los Angeles to visit with friends for about two weeks, then she will go to her home in Arizona. Many regrets were expressed at not being able to secure her valuable aid in the school for another year.

Mrs. Jackson was called to Los Angeles one day this week on account of the illness of her daughter.

Mrs. Violett and family spent a

week's end visit at the home of Mrs. Sam Hearn of Long Beach, last week, and while there enjoyed the baccalaureate sermon to the high school graduating class.

Herbert Swall, who has been visiting here, has returned to his work at Merced.

Mrs. Frank Carter of Angiola, Tulare county, is visiting at the home of her parents, Mr. and Mrs. J. Parks.

Mrs. S. Ayers and children have gone to Duarte to visit their old home and relatives. They will be gone about a week.

Mrs. Chas. Swall has gone to Los Angeles on business and to visit relatives.

Miss Orma Ross, one of the teachers, expects to start for the East in a few days to be gone for the summer. Annie Parks is visiting relatives at Newport Beach this week.

Mr. Irvine and daughter, of Downey are here looking after property interests and visiting Mr. Irvine's daughter, Mrs. P. M. German, and family.

Mrs. Baker, who has been very sick at her home, is improving and is able to be up and around the house again.

While Mrs. Dement was driving today her horse suddenly stumbled, throwing her out over the wheel, and injuring her shoulder and tearing her fingernail almost out.

Mr. Keeler has recently purchased 1½ acres of W. B. Harper, opposite the Harper home. He will build a home on the property soon.

A. W. Lewis will build a new house and barn at once on his property south of the railroad track.

J. W. McLellen is setting out ten acres of Orange trees on his place north of town.

Fred Adams of Los Angeles, who was announced to speak at the Latter Day Saints church next Sunday, will not be able to fill the appointment.

Rev. W. C. Bowman of Los Angeles will deliver an address, "A Message to the People," at Woodmen Hall, Garden Grove, on Wednesday evening, June 15, at 7:45. Everybody invited. Good music.

### JOY-RIDING HERE IS AT EPIDEMIC STAGE

(Continued from Page One)

mood. One of the evidences of the mood is the fact that a few things were shied at Bunker's house. Bunker heard the bumps, but concluded to continue his slumbers rather than get up and investigate.

From the tracks of the automobile it was learned that the machine had approached the vicinity by going west on Third and South on Flower.

Joy-riding has become a menace in Santa Ana of late. Less than two weeks ago an automobile belonging to Mr. Hawk of Orange was taken from the Baptist church corner, while Mr. Hawk and his family were attending services. A few hours afterward the machine was found on Grand avenue, where it had been abandoned. A pair of automobile gauntlets were stolen from the machine.

Wednesday night a big Stoddard-Dayton automobile was taken from in front of Joseph Yoch's residence on North Main street. The car belonged to C. C. Chapman of Placentia. The theft was reported to the officers. A few minutes later the big machine was found a block or two north of the place from which it was taken. No damage had been done it.

About two weeks ago an attempt was made to take C. E. Parker's automobile from its garage on North Main street. The attempt was abandoned when the thieves were unable to get the machine out of some sand in the yard without starting the engine.

The Santa Ana Automobile Club has offered a reward of \$100 for the arrest and conviction of anyone taking the automobile of a member of the club for joy-riding.

A warrant has been issued for the miscreants who used Dr. Ball's machine last night. The charge under the law is using a motor vehicle without having first secured the permission of the owner.

—J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110½ East Fourth St., Santa Ana. Both Phones.

We often feel sorry for the rich. There is Rockefeller, for instance; he once had as much hair as anybody.

—There will be a social dance at Balboa Pavilion, Saturday evening, June 11.

MOTORCYCLE JOY-RIDER HERE, TOO

The automobile joy-rider is not the only brand of joy-rider there is in the land. Wednesday evening a motorcycle joy-rider took possession of O. A. Lethy's motorcycle at the corner of Fourth and Bush streets, the owner being absent. The machine was recovered.

### Dean Says The Most Appropriate Present for June Weddings is Cut Glass

Just a word about our beautiful stock of cut glass. Most people realize that the charm of cut glass that most appeals to them is its artistic merit, its unquestioned quality, its true beauty—its genuineness.

Cut glass may be compared to diamonds. If it is clear flawless crystal, if it is an artistic diamond cut that scintillates and sparkles from every angle, then it is genuine and has true art value.

Much of the ware that is sold for cut glass is an inferior grade of crystal, with very little hand cutting and has practically only the value of ordinary glassware—from an artistic standpoint.

We are showing what we believe to be the finest selection of cut glass ever offered in Santa Ana and the prices are about the same that is usually asked for the imitation kind.

Our line includes practically every kind of piece that any one could wish all beautifully cut in new, artistic designs.

Water bottles and pitchers, tumblers, salad dishes, creamers and sugar, salt and pepper, fruit bowls, olive dishes, bonbon dishes, cruet, vases, etc.

You'll find some distinctively new designs in the cutting and all is as clear crystal as can be produced. See display in east window.
